

America's
Independent
Party

E pluribus unum

What will YOU do when the Party's over?

AIP is in the fight to save our country for the long haul. We're determined to rebuild politics in this country from the ground up, on a principled and a practical basis.

AIP is **100% conservative**. Our leaders are **100% conservative**. Our candidates, who are chosen based on principle, not party label, are **100% conservative**.

America's Independent Party is the new home of real conservatism. Please visit **AIPNEWS.com**, read our Platform, and if you agree with it, sign the **Personal Affiliation Agreement** today!

Several times a week we provide you with an opportunity to **talk personally** with our leaders, including our national chairman, state chairman, and special guests such as our 2008 presidential nominee, **Dr. Alan Keyes**. Here's how you can join us:
